The Whitehead Research Project, in conjunction with the Society for the Study of Process Philosophies, will be hosting "Beyond Metaphysics? Transcontinental Explorations in Alfred North Whitehead's Late Thought". This international conference will bring together leading scholars from Europe and the United States, and will include a student session to engage with Whitehead's late work. The theme will ask participants whether in fact Whitehead's system is completed with *Process and Reality* or whether his metaphysics only comes fully into view in his later works (esp. *Adventures of Ideas* and *Modes of Thought*). The conference will be focused on and around the relationship between categorical frameworks (such as occurs in *Process and Reality*), and the *experiential* grounding and meaning of systemic generalizations in Whitehead's thought.

Submissions should be presentable in 15 minutes, and must make a philosophical contribution. Please include an abstract of no more than 250 words. All papers and abstracts should be sent to the organizer of the conference, Dr. Roland Faber, no later than October 15<sup>th</sup>. Submissions should be sent electronically to [rfaber@ctr4process.org](mailto:rfaber@ctr4process.org), and should include:

1. Your paper (with no identifications of the author within the text)
2. Abstract (also without identifications)
3. A separate cover page with your name, paper title, institutional affiliation, telephone number, e-mail address and mailing address.
